40 Mount Street  
North Sydney NSW 2060

Dear Mr Sean Connolly

**Project: Powerhouse MDC**

**RE: Crown Certificate 2 – Sarking confirmation**

We write to provide confirm, Taylor Construction will install Solitex Extansa sarking from Proclima, as this product has the test results to support FP1.4 performance solution as suggested by Rickard Engineering.

Vapour barrier (sarking) is nominated in Northrop Section J DtS report, Rev F dated 09/06/2022, as part of building fabric build up.

See attached technical data from Proclima

Any questions, please do not hesitate to give me a call.

Kind Regards,

**Simon Chow**  
Design Manager
